

GR Yaris

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly re-imagine the future of mobility. With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

An aerial photograph of a white SUV driving on a dirt road. The car is positioned in the lower right quadrant of the frame, moving away from the viewer. It is kicking up a massive, billowing cloud of brown dust that fills most of the upper and middle portions of the image. The dust cloud has a textured, almost cauliflower-like appearance. The ground is a dark, reddish-brown color. The overall scene conveys a sense of ruggedness and power.

**“We must start from the point
of loving cars even more”**

Akio Toyoda

President, Toyota Motor Corporation

Born to thrill

It's here. Straight from the success of Toyota's world championship winning WRC car comes the GR Yaris. Manufactured on a dedicated production line in Motomachi, each element is designed to get your mind racing and heart pounding with the acceleration from the world's most powerful 1.6L 3-cylinder turbo-charged production engine.

The dramatically angled three-door lightweight body features muscular wheel arches housing 18-inch alloy

wheels with low profile tyres, an imposing front air intake, large grooved brake discs and sporty twin exhausts.

Its on-road thrills are complemented by Apple CarPlay^{®1} and Android Auto^{™,2} connectivity plus the refined sound of eight premium JBL^{®3} speakers, while the advanced features of Toyota Safety Sense⁴ provide the added protection and confidence for you to drive your best.

“These days, whenever I see any open ground in our company, I make a lot of ‘tire mark art’”

Master Driver Morizo

Sculptured exhilaration

• • • • •

Driven by motorsport's obsessive pursuit for lighter bodies with impressive stiffness and strength, the GR Yaris features a carbon fibre polymer roof and aluminium body panels including the doors, bonnet and boot. When combined with up to 200kW of power and 370Nm of torque from the 1.6L turbocharged engine, the result is an outstanding power to weight ratio of 156kW per tonne that helps launch the GR Yaris from 0 to 100km/h in 5.2 seconds with an electronically limited top speed of 230km/h.

The roofline has been lowered 95mm to further enhance the aerodynamics and help the GR Yaris better slice through the air. Even the engine has been purposely mounted further back within the body and the battery placed in the boot to help improve the chassis balance and help provide more assured handling and response.

World beating power

.....

The all-new 1.6L 3-cylinder turbocharged engine is the most powerful production engine in the world for its size. The advanced DOHC 12 valve unit features a single-scroll ball bearing turbo and is packed with the latest motorsport technology including multi-oil jet piston cooling, large-diameter exhaust valves and part machined-intake ports, as well as dual mufflers supporting the high performance exhaust system.

A crisp six-speed manual transmission harnesses the raw power and is seamlessly matched to the new GR-FOUR continuous AWD system. This continually optimises the power to each wheel for outstanding on-road performance and response, as well as allowing the driver to manually balance the torque distribution to match the road conditions.

The lightweight chassis is built for maximum rigidity with minimum weight. It features the latest double wishbone rear suspension for improved stability and tracking through curves. Eye-popping stopping power comes courtesy of grooved disc brakes with a massive 356mm diameter on the front with four-pot callipers to cope with the rigorous demands of hard driving.

“The GR Yaris brings
out the wild side in
a gearhead like me”

Master Driver Morizo

Designed for drivers

With your hands wrapped around the leather accented sports steering wheel and your body braced in the specially moulded Ultrasuede^{®5} and synthetic leather accented racing inspired seats, you know this is space designed for drivers.

The purposeful layout places all essential controls within easy reach. Right before your eyes the digital instrument cluster includes a Head-Up Display (HUD) and Multi Information Display (MID) that constantly

relays important driving detail including turbo boost, gear shift indication and the AWD mode indicator.

The gear shift lever has been elevated 50mm for easy reach with a shorted shift stroke to allow crisp movement through the gears. Drawing inspiration from its rally car roots, the hand operated park break is ready for enthusiasts who wish to engage genuine performance driving techniques.

GR Yaris

○ Glacier White 040

● Feverish Red⁶ 3U5

● Tarmac Black 219

- 1.6L 3-cylinder turbo charged AWD MT engine
- 4.2" Multi Information Display
- Head-Up Display
- Apple CarPlay^{®1} and Android Auto^{™,2}
- 7" colour touchscreen display with Bluetooth,^{®7} voice recognition, Siri^{®1} Eyes Free and myToyota^{®8} app

- 60:40 split folding rear seats
- Satellite navigation¹⁰ with SUNA^{™,11} traffic channel

- Toyota Safety Sense⁴ – including Intersection Turn Assistance, Lane Departure Alert, Lane Trace Assist, Pre-Collision Safety system with pedestrian and daylight cyclist detection, Road Sign Assist, Automatic High Beam and Active Cruise Control

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense⁴ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

GR Yaris features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Pre-Collision Safety (PCS) system with pedestrian and daytime cyclist detection

Pre-Collision Safety system with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the daytime. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable, automatic braking is initiated to help mitigate impact.⁴

Toyota
Safety
Sense

Road Sign Assist

Road Sign Assist was developed to help recognise certain road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.⁴

Active Cruise Control

Active Cruise Control is designed to help keep a constant distance between vehicles. It uses a millimeter wave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.⁴

Lane Departure Alert with steering assist

Lane Departure Alert with steering assist is designed to help prevent vehicles drifting from their lane by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed to help you stay in your lane.⁴

The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au

Discover the freedom of Toyota Access

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments. Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance.^{12,13}

To discover Toyota Access for yourself visit toyota.com.au/toyota-access

Capped price servicing

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids).¹⁴ For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards. From 1 January 2019, Toyota vehicles are backed by a five year/unlimited kilometre warranty. If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years, giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60 day money back guarantee and 7 years emergency assistance including expenses related to car hire or towing if required.^{15,16} For more information visit toyota.com.au/owners/warranty

Finance to get you going

If you need a little help, Toyota Finance can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.¹⁷

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.¹⁸ For more information visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Extra Care Roadside Assist is never more than a phone call away. Available 24 hours a day, seven days a week, our technicians are there to help you get back on the road.¹⁹ For more information visit toyota.com.au/insurance/roadside-assistance
